Every Farmer Should Have One Of Our Alemite Hand Guns

For greasing Peanut Pickers, Hay Balers, Tractors, or any other farm equipment that needs efficient lubrication. Alemite Guns will pay for themselves several times if used properly. We have just a few more left and you should get one before our present stock is exhausted.

Truck Seat Covers

We have Seat Covers for Chevrolet and Ford Trucks—late models. Also have a few sets of pre-war Seat Covers for 1942 Ford Coach. Let us put on a new set for you now, while we have them in stock.

SAFETY LIGHTS—We have left two Sets of Fog Lights or Safety Lights. These lights enable you to drive safely when conditions are bad on the highways. If you do much driving you certainly need a set of these lights.

TIME TO "DE-SLUDGE"—You should get your motor in shape for winter driving. Let us take out all that old, worn oil and grease by our "De-Sludging Process" and you'll have a better running motor. We have Oil Filter Cartridges, as well as some of the well known AC Oil Filters.

JESUS THE LIGHT OF THE WORLD

LESSON TEXT—John 9:1-13, 34-41.
GOLDEN TEXT—I am the light of the world; he that followeth me shall not walk in the darkness, but shall have the light of life.—John 8:12.

Light is a fascinating subject for study, and especially is that true when we speak of spiritual light. In the lessons of the next three months we are to see the light which Christ sheds on the problems of life today. How appropriate to begin that study by recognizing Christ as the one true "light of the world." He it is who brought us out of darkness, and it is from His light that we too are lighted and become God's lights in this wicked world (Matt. 5:14-16). The story which presents our Lord as the light and the light giver that of the man born blind. Four choices confront us.

1. Guesswork or God's Glory (vv. 1-9). Men have an inordinate curiosity about those who are handicapped or crippled. Even the disciples of Jesus had fallen into the old tendency of seeing in one who needed their help, a case for theological speculation rather than one in whom God's glory could be revealed.

Need without power to help is a depressing thing, and may encourage man to a bit of scientific or religious guesswork. Here is a specimen—let us examine it. How did this happen? Who was responsible? But when we know the power of God, guessing and theorizing is gone. Here is help!

Jesus declared a great truth here—suffering is not necessarily the result of sin, nor for the purpose of judgment or punishment. This man was here that God might show His grace and power.

Those who suffer in our day may be the means of declaring God's glory, either by His deliverance from pain and sorrow, or by His grace to bear the burden graciously and for His glory.

II. Impossibility or Obedience (vv. 6-7). "Clay cannot bring sight to a man's eyes—anyone knows that! All such a covering can do is to make the darkness of sightless eyes even more impenetrable." The blind man might have reasoned that way. He would have been entirely logical in so doing—and he would have gone right on being blind.

It is possible to thrust from you God's richest blessing by insisting that God's work be done in accord with your ability to understand. But the blind man chose the obedience of faith—"he went . . . and washed, and came seeing." Jesus is the light of the world to those who will believe. The blind man found it so—we may also find it. Jesus is the light of the world to those who will believe. The impossible becomes possible—with God, for "with God all things are possible." Jesus said it (Matt. 19:26); let us believe it and act on it.

III. Controversy or Confession (vv. 13, 34-38). This is a great chapter, one in which we see the glory of faith contrasted with the controversial smallness of unbelieving men. The Pharisees were religious men, but they hated Jesus (a combination possible even in our day), so they sought in every possible way to discredit Him, to deny the miracle, and to destroy the one who was healed.

Against that dark background the light of this man's faith shines the more brightly. The more they tried to confound him, the deeper they entrapped themselves, as he answered in simple faith.

Testimony is a tremendously effective thing, even though it must cling to the elementary and blessed truth "I was blind, now I see" (v. 25). But note that he went on, and he received his spiritual, as well as his physical, sight. "I believe"—what majestic words, what transforming words, what world-shaking words! Friend, do you believe on Christ? If not, will you do it right now?

IV. Healing or Hardening (vv. 39-41). The same sun which softens the wax hardens the mud. The light which attracts some out of the dark places causes others to shrink farther into the shadows lest they have to give up their dark deeds and thoughts.

So it was in this case. The blind man who had faith, saw, and that sight was the sight of the soul as well as of the body. But the embittered Pharisees were only hardened in their sin. Because they boasted of their spiritual sight which made the ministry of Jesus unnecessary (as they thought), there was nothing for Him to do but to leave them in their darkness.

The light of Christ, which is to shine on the problems of life in the lessons of the three months ahead of us, will either bring men to the light in faith, or confirm them in their unbelief. Which is it to be in your case and in that of those to whom you minister?

Chemists of the U. S. Department of Agriculture have taken a tip from the packer who made use of every part of the pig but the squeal. Upshot is a method by which such farm wastes as corn cobs, oat hulls, flax shives, sugar cane bagasse and cottonseed hulls can be converted into profitable industrial solvents.

Good laundering begins with good buying. Housewives should be certain to buy fast colors and pre-shrunk material.
